# ABOUT COMPANY

Laxman Kamath & Co, established in 2007, is a family-owned construction firm based out of Bangalore. Before forming the company, its managing partner Mr. Shashank Kamath has worked extensively on diverse civil projects as an independent contractor.

Since its inception, the firm has completed numerous turnkey infrastructure projects for government, and private sector firms.

We offer our clients an array of civil engineering services including design, architecture, ground-up construction on turnkey basis Our expertise and experience lies in industrial, infrastructural and commercial works.

We are an organization with a strong commitment to compliance and ethics; excellence in execution, quality, and timely delivery we have earned a reputation of trust, consequently achieving repeat business. We strive continually to improve our services to attain operational excellence.

We aspire to be the finest general contractors in India by consistently producing impeccable work on schedule and within budget. Given our experience, expertise, and financial resources, we are capable and confident in undertaking construction projects of substantial magnitude.

# Welcome Note

**Shashank Laxman Kamath**

*Managing Partner*

Laxman Kamath & Co. has witnessed remarkable growth in the last decade owing to its excellent workmanship. Our emphasis on creating a transparent ecosystem has been an important catalyst in the linear growth of our firm. We attribute our achievements to our loyal staff and workforce who have left no stone unturned to help us realize our goals. For all our future projects, we intend to maintain our values and honor the faith of our clients.

Even though the passing of our co-founder Laxman Kamath was a big loss, his legacy nevertheless remains at the heart of our strategy - utmost importance on quality, unswerving probity, employee satisfaction, aim to achieve operational excellence, and financial prudence.

In 2025, we look forward to exploring new sectors and are in pursuit of profiles which enhance our firm's sustainability and profitability.

# Vision & Mission

## Vision

To expand our spectrum and be the most trusted firm in the country.

## Mission

To work responsibly whilst strengthening our business with utmost emphasis on quality, time and safety.

Incorporate a transparent ecosystem with our clients, vendors, and employees.
